

Buddy Fuck

(MFF, work)

by Carl Smith

Andrea worked for an economic development company that traveled with business leaders to different cities to entice companies to move to our city. On one of these trips she was with two fellows who we actually knew pretty well.

Andrea and these guys had done these trips before and always had a great time. They were very friendly, but had never had any sexual contact; just friendly flirting as friends will do. This particular night in San Diego, they were in a party mood and went to a bar to have a few drinks. At the bar, Andrea sat on a bar stool facing the room while her two friends stood on each side of her.

A table full of guys started flirting with Andrea by making comments about her legs. Evidently, they were getting a good look at her legs as she was on a high stool and they were right in front of her at a table. That put them much lower and at eye level with her good looking long legs.

The guys were just having some fun and she was enjoying crossing her legs and re-

crossing them. She had on a very business-like dress that buttoned up the front (her favorite for obvious reasons) and had it undone just a little.

She had on sheer-to-the-waist pantyhose with no panties and high heels.

Her two friends noticed the attention that she was getting and started kidding her about teasing these poor guys. They all just laughed together about it when one of her friends, Gary, said that she should give them more of a show. She asked how she should do it. He said to start by undoing another button because that would show more of her legs.

With that, he reached down and unfastened one button on her dress. The guys at the table said, "All right!" With that, her other friend, Bill, reached down and undid another button.

Now her dress was undone very far up her thighs. The guys really enjoyed this. My wife continued to move around on the stool until her skirt was up very high, almost to her hips. Her legs were crossed so her pussy wasn't showing but her legs are fantastic and everyone was enjoying the show.

Gary said that she should uncross her legs and show them her panties. She said that she wasn't wearing panties. He didn't believe her so she spun around on the stool so she would be facing the bar and uncrossed her legs so she could show him.

When he saw that she really didn't have on any, he couldn't believe it. He asked why she had never shown them that on their other trips. She said because they had never asked her to.

Bill said that he wanted to see too so she turned in his direction and showed him her pussy as well. The guys at the table by this time realized that she was giving these two a show and said that they wanted to see too. She asked Gary and Bill what she should do. They both said to turn around and show them. She said that she had a better idea and got off the stool and left for the restroom.

In the restroom, she took off her pantyhose and put them in her purse. It was summer and her tan was terrific so her legs were spectacular without the hose anyway. When she came back, she crawled up on the stool and said that she was ready now.

They noticed what she had done and were a bit taken aback when she slowly spread her legs open so the guys at the table, which was at the perfect level and only a few feet away, could see her bare, glistening pussy. She kept her pussy trimmed very short so they could actually see everything.

They all just gasped. She spun back around and said that she was finished with those guys. Gary and Bill said that it was just getting fun. She said that there were just too many of them to really do anything and she didn't know them and teasing them would

only leave everyone frustrated.

With that, Gary pointed out to her that there were only two of them and she knew them and that there was no reason for anyone to be frustrated. She laughed and said that while he was right, the night was young and she wasn't sure if she wanted to do anything. She was still facing the bar at this time and they were facing the crowd.

They were all just laughing and drinking when Gary put his hand on her leg. She, of course, didn't remove it and left it on her leg while they all talked. After a few minutes, she felt his hand sliding up her leg. Her legs were crossed and her dress was unbuttoned and very short. When he got pretty high up and was softly caressing her upper thigh, she uncrossed her legs. His hand at this point was left just inches away from her pussy. He slowly inched his way up a little more until his finger touched her pussy.

They all kept talking and she opened her legs a little to let him in more. He had his fingers in her pussy now and she was so wet that you could hear him fingering her. Bill of course was watching all of this and got his hand into the action as well. He put his hands on her legs and rubbed them while Gary fingered her.

Then Gary pulled his fingers out and Bill put his in. She said she wanted to turn around and face the other way. She pulled her dress back together a bit so as not to show everyone her pussy and again faced the four guys at the table. They were very pleased to be able to look at her again, but that wasn't the reason she did it. She showed them her crossed legs but the real reason was that she wanted Gary and Bill to face the bar now. She told them to do it and when they did, she reached between them and the bar and started playing with their dicks thru their pants.

This went on for about ten minutes when Gary suggested that they go to another more secluded bar to continue their fun.

With that they left and all got in the front seat of their rental car. The problem was that it was a two-seater and she had to sit on Bill's lap. When she got in and sat on Bill's lap, he unbuttoned her dress up to about her waist so he could play with her soaking pussy. She was facing Gary so while driving, he fingered her as well. When Gary got busy with her pussy, Bill went to work on her dress again. He got it completely unbuttoned and started feeling her tits through her bra. She got so into it that she put her arms around Bill and Kissed him while he felt her tits and Gary fingered her pussy.

Gary suggested that they skip the bar and go back to the room. When they got to the hotel, they went immediately to her room. As soon as they got there, she took off her dress and her bra and left only her heels on. She got on the bed and told them to take their clothes off. Gary's dick was very long and skinny and somewhat crooked she said; he got on the bed between her legs. Bill's dick was short and very big around and he got on the bed so he could stuff her mouth. She sucked them and fucked them both for hours. They did it in every possible position. They ate her and licked her asshole and

came in every opening she had. Finally they all showered together and the guys went back to their rooms.

She called me and told me the whole thing just as I have told it here. She had a great time and they repeated it for the next two nights that they were in San Diego.

Hope you enjoyed it as much as she and I and Gary and Bill, but I doubt it.
