

KITCHEN GANG BANG

(M+/F, wife, alcohol, gang bang)

by **WIFE WATCHER**

I was recently married to the loveliest 19 year old girl you could ever wish to meet. Our Honeymoon was a one week cruise and one week stay at a holiday resort. On the cruise we had become friendly with a middle-aged couple. The Maria was very friendly (they both were) but I suspected that Harry was lusting after my bride.

My wife would hear nothing said against them and readily accepted their invitation to visit them, as their home was only a couple of miles from our holiday hotel. We enjoyed a few days alone at the hotel and then it was time for the proposed visit.

The couple phoned us at the hotel and said that they where sorry but they had gotten their dates mixed up and where going to a party, so wouldn't be at home but that we where quite welcome to go with them to the party. They knew that their friends would love to meet us. My wife was as pleased as punch to go to a party and meet new people.

We met up with Maria and Harry and they drove us to the lovely big house of their friends. We were made very welcome and introduced to lots of people. I t did seem a bit odd that most

of the guests were male.

I mentioned this to Harry and was told that it was because they were mostly business associates.

We got separated and after a while I went in search of my wife. I went from room to room, I eventually found her in the kitchen. I stood at the kitchen door and saw her surrounded by six men who were all trying to get a feel of her lovely body. She was quite drunk and either didn't realise or didn't care what was happening to her.

She had hands all over her as the men all tried to get a grope of my lovely young bride. One guy started kissing her hard on the mouth and as he did two guys who were standing on either side of my wife, gently eased her top up to reveal her bare breasts. Then the guy kissing her stood back so that everyone else could see her naked loveliness.

What surprised me was that she opened her eyes, looked down and saw her tits were on display and instead of trying to cover herself up, she closed her eyes again, put her head back and sighed deeply almost contentedly.

The men took this as some kind of consent and the two guys who had been pulling at her top started to suck on her nipples.

Someone said, "Get her up on the table." She was lifted up and lain on the table, her skirt was uncerimoniously pulled off, with her underwear quickly following.

I kept waiting for my honey to protest, but she just flexed those perfect legs, lifting them up so everyone including me could see her wonderful womanly slit.

"Wow!!" "God look at that!" Were some of the comments that came from the crowd of men as they beheld my lovely young wife. Suspenders, stockings and high heeled shoes and a shaved pussy. She stretched her arms above her head and spread her legs wide.

The men in that kitchen needed no further encouragement, one of them got between her legs and eased his big dick into her opened cunt. Another guy pulled her head to the side and placed his cock at her lips which she immediately opened to let him slide it between them. I had always thought of her as a shy little thing but here she was being as brazen as any 'cheap whore'.

The guy in her started fucking her in earnest now, not caring about her, not being gentle, just shagging a slut. She was loving every minute of it, her moans of delight and screams of pleasure could be heard all over the house. This attracted other men at the party to come to the kitchen where they all took a turn at fucking my obliging little whore-wife while I watched.

At least 20 men had fucked her, some had 2 and 3 goes at her. When she was at last left alone, I stood there, looking down at my beautiful little darling, turned slut, she never looked so lovely as she did then. Laying across a kitchen table with sponk in her hair, on her face, dribbling from the corners of her mouth and best of all, seeping from her lovely cunt. She opened her eyes, looked up at me and smiling, and said, "More!"

How could I resist, I knelt down and buried my face between her sweet young cunt-lips. I slurped and sucked for all I was worth on her swollen, hairless little cunt. She climaxed twice more, then I got between her legs and took my turn at fucking her. I looked up and saw our 'friends' (who had brought us to the party) and probably half the other party goers too, watching us.

While I was banging my honey I heard Maria say, "I knew she had the makings of a 1st class slut. Why don't you have a turn at fucking her?"

"I couldn't manage it again, I've fucked her twice already." replied the husband.

That was the start of our new slutty way of life. I often come home to find her fucking the milkman or paperboy. Sometimes in groups. We now advertise for invites to parties, she prefers to be seduced and 'fucked rotten' by strangers. We also go to saunas and sex cinema's where she can find more men to use her, to fuck her, to shag her. She loves it all and I love watching my very own, lovely little slut-wife enjoy herself.

It's okay to *READ* stories about unprotected sex with others outside a monogamous relationship. But it isn't okay to *HAVE* unprotected sex with people other than a trusted partner. You only have one body per lifetime, so take good care of it!
