

My First Blowjob At The University of Kentucky (MM,
oral)

by Roggie (*roggie1@webtv.net*)

I'm from a small town in Eastern Kentucky, so going to Lexington and UK opened up a whole new world to me, including cruising for men. It didn't take me long to learn all of the good cruising places on campus, a college campus is full of young horny men looking for a good time.

In those days I was pretty tame, usually just looked to be jacked off and to return the favor. The bathrooms in the Whitehall building are a very hot spot, almost always you could find a tapping foot

signaling for a blow job. I had met many men there, but this one guy was my favorite.

I never knew his name, but many times I had summoned him to place his cock under the stall door for me to fondle and jack off. He was very impressive, at least 9 inches, the biggest I had ever seen. He wore glasses and appeared a little nerdy, wore a wedding ring, and never ceased to satisfy. On most occasions we could happily jerk off together in private as few people came into the restrooms at night, except of course for those looking for some extracurricular activity.

This story is about the most amazing thing that ever happened in my experiences at UK, at least on campus. On late night I went into the bathroom, hoping to find someone to fool around with. Much to my pleasure the guy with the big cock was there (I recognized his shoes), as well as a couple others in the stalls.

I took my place in the stall next to my dream man and waited for his signal that his cock was ready. Before long he dropped to his knees and put his hard cock in my hand. I gave my hand a good lick to get it wet and began polishing his cock. This went on for several minutes, and soon he began to moan.

Now, my custom when I am in the stall is to take off my shirt and pants so that I am nude as well. As I kept my eyes glued on his long, thick cock, I pinched my nipples, and stroked my own cock. Suddenly I realized someone was standing outside the stall door and was looking in, watching me. It was the guy from the other stall and when I looked further there was the other guy watching too.

I was so fucking horny and couldn't believe these guys were standing right out in the bathroom stroking their cocks, someone could have walked in at any time! Before long their moans could be heard as they began jacking each other off. Then to my disappointment my guy stood up, to get a better look at the two outside... then his door opened.

This was the first time I had seen his full body nude, I quickly opened my door and stood there looking at these three men in the nude each jerking off. Now I had never actually sucked a cock before, but boy did I want to suck his, but before I could one of the other guys dropped to his knees and began sucking his cock.

My guy looked like he was in ecstasy and I was fucking mad that his cock was in somebody else's mouth. I would have intervened but the fourth guy put his hand on my naked ass and started kneading my ass. The next thing I knew his mouth attacked mine and his tongue was searching every part of my mouth, and I returned the favor. I reached down and took his cock and began stroking him, but he dropped to his knees and started sucking my cock.

I couldn't believe I was getting my first blowjob in the bathroom at the University of Kentucky and that another guy, my dream man was getting sucked off right beside me. The guy who had me was

a real cock sucker. He started out licking the head of my cock and playing with my balls. He kept one hand on my ass carefully caressing. He slowly took all of my cock in his mouth and began servicing me in ways I had never even fantasized about. As he squeezed my balls I felt them swell and knew I was close to cumming.

Just then my guy looked at me and said "You want to finish me off?" Fuck yeah, and I was getting ready to give my first blowjob, to the biggest cock I had ever seen. I think I felt special that my dream man wanted to return the favor for all the hand jobs I had given him. I knelt before this huge cock and tried to learn from what the guy had just done for me. I was squeezing his balls and sucking the head of his cock.

The other two guys stood there watching us and jacking off.

I slowly took his cock into my mouth, I could taste the salty/sweet taste of his pre-cum in my mouth. I tried to go slow because I didn't want to gag on this huge cock, but soon I got better and began letting him fuck my face. The other two guys moved closer and began rubbing his ass and nipples while they fucked themselves with their hands. I just kept sucking his cock, forgetting all about where we were, his moans of pleasure cheering me on. I knew my cock would explode any minute.

He kept talking to me, asking me to suck his cock, I took his balls in my mouth. The other guys kept rubbing his ass, one of them began rubbing in my hair, pushing me farther onto this dick. The guy to my right suddenly let out his loud groan and shot cum all across my face and into the pubic hair of my man, then my man told me he was going to cum.

I felt a huge rush of cum go in my mouth. It startled me just a little and I pulled away just as another shot straight at my face. The guy who had just cum all over me knelt down and began to share the streams of cum that just seemed to keep going. Then the other guy shot his load and we were all pretty soaked in cum. I stood up with my cock as hard as it has ever been, swinging in front of me dripping pre-cum from its tip.

I leaned up against the sink and these three men began rubbing their cum soaked hands all over me. I was out of my mind in ecstasy. I couldn't even open my eyes as I felt a hot mouth cover my cock to finish me off. It only took a few seconds and I shot

loads of cum into a very willing mouth. Even after I was done and going soft, he kept my dick in his mouth, lapping up every last drop.

Without saying a word we all went back into our stalls to clean up. The other two guys left, but I was waiting for my man. When he came out of his stall, he whispered in my ear, "nice dick man, really nice." I smiled and we parted company.

I saw him many times after that day and jacked him off under the stall many times, but never sucked him again. I moved on to have many other experiences during my college years, but I'll never forget him.
