

The Newest Cheerleader (F+/F, orgy)
By Unknown Author

Being a Dallas Cowboy's Cheerleader was a dream come true for me. After all the auditions, and interviews I'd gone through to get the job, I really felt honored to finally be chosen. When on my first day of practice I went out on to the ball field I was so excited you could have knocked me down with a firm shove.

Our costumes consisted of scanty wisps of nylon, and small shorts, or long dance leotards that hugged our bodies close. You HAD to be in shape, else every little bulge or flabby spot would show. Terry, a bitchy blonde who'd originally given me bad advice constantly griped about wearing skimpy costumes just to give the guys in the audience a thrill. She kept saying that she'd rather fuck a bull be nice to most of the sports fan slobs.

It was Nancy, a slim brunette that told me to ignore Terry. Nancy was very pretty, with a slim figure and legs that were perfect, especially when they extended out from beneath a pair of our purple shorts. Nancy had introduced me to Kim and Lori, and we ended up as a

foursome whenever we practiced or traveled.

It was after our first week of practice when Nancy asked me if I wanted to come over to her place for a swim, and some relaxation. It really did sound like fun, especially since Kim and Lori were both going to be there and some of the other girls too.

I followed them to Nancy's house, some forty minutes away from the gym. Her place wasn't much, but it was nice. Nancy had gotten the house after divorcing her husband, which surprised me, since Nancy looked only about 23. In fact she was really 26. Maybe it was her blue eyes that seemed to sparkle all the time that made her look younger.

The house sat on a hillside, and she had no real neighbors to speak of, and the pool was large, surrounded by a nice wooden deck. I mentioned to Nancy that I didn't have a suit, and asked if I could borrow one.

"Suit?" Nancy laughed. "None required in my pool, unless you're bashful."

I'd never considered skinny-dipping and I stared at Kim when she boldly walked out the back door and dropped her clothes, shorts and a blue T-shirt then dove into the pool naked. Lori followed suit, peeling off her spandex racer-back top and showing off her full breasts. She too dove into the water, stark naked. Nancy was pulling her top over her head and I started to do likewise, figuring "when in Rome..."

The four of us swam around, splashing each other and generally having fun. Lori crawled out and spread herself out on the deck, letting the warm sun dry her. Nancy and Kim raced back and forth, and I just loafed around.

After about thirty minutes we all got out and sat around in Nancy's backyard, stark naked talking about Terry and the other three bitches in our squad. Kim produced a couple of joints and we smoked them, getting a pretty good buzz. Then Nancy suggested that we should grab something to drink.

We went in, picking up our clothes on the way. I was going to get dressed, but the others dropped their clothes in a heap on a chair inside the door, so I did likewise. I felt a little odd, walking around someone else's house nude, especially with six other girls there. But it was all so easy and free, I went along with it.

Lori was telling us about one of the guys she went out with, and the size of his prick. She made him seem like a super-stud, with a monster of a prick and able to fuck all night. Kim kept squirming around on the bar stool, making the seat swivel back and forth. Each time she swung around, her breasts brushed the cold counter top, and I could see how hard her nipples were. I was getting aroused by Lori's story too.

Then, out of the blue, Lori made an announcement. "Let's all take a shower." She said with a playful look in her eye.

Suddenly Kim and Lori a several of the other girls were dashing for the bathroom, and

Nancy told me to come along, walking behind them. I followed, unsure of what was about to happen, but I had visions of seven naked girls crowding into a shower.

As it turned out, Nancy's house had a shower big enough for about eight or ten, with two shower nozzles and controls on opposite walls. Kim and Lori were already soaping up, and Nancy climbed right in. I was a little unsure of this, and carefully climbed into the shower after them. I wanted to rinse the chlorine smell off me and out of my hair.

Nancy volunteered to wash my hair and I didn't object. My hair reaches down almost to my waist, and I keep it braided most of the time. Pretty soon, I was standing with my head back and Nancy was massaging my scalp.

"Shit! Can you take over a minute Lori?" I heard Nancy say, "I've got soap in my eye."

Lori began washing the lower part of my hair, telling me that she'd had hers long in high school, but loved it shorter now. I heard Kim say she was getting out, and then Nancy said she was going to make some tea. I relaxed and let Lori finish my hair, and then rinse it out. It felt nice to have someone else do the work for a change.

"You've got a nice figure." Lori said. "I bet guys go crazy over your tits though."

Guys did actually. I have 40C breasts, and the nipples are pierced with little gold rings. My tits are big enough to be lots of fun.

After rinsing, Lori said she was getting out too, and I soaped up and rinsed off quickly. I stepped out and used a towel that Nancy had left and then headed out of the bathroom.

Hands grabbed my arms and I was scooped up and carried towards the back of the house. They were having fun with their little trick on me.

"Hey! What's going on? What're you doing?" I yelled, struggling but not too hard.

I was dumped onto the kitchen counter, and Lori sat on my legs, tickling me, while Kim and Nancy held my arms. I was laughing and struggling, and a little bit goofy from the joints. I didn't notice anything really weird until I realized both my legs were being held down.

Nancy picked up a bowl of fruit, and fed me a strawberry. It was cold, and sweet, so I ate it. I figured this was some sort of "rite" that they were doing to me, so I didn't resist. Nancy stood next to me at the counter, as naked as I was, feeding me orange slices, apple pieces, strawberries, grapes and the like.

"Hmmm, now this might be interesting." She said, picking up a banana. I giggled, then laughed at the age-old idea of special uses for a banana. I watched as Nancy peeled it. She looked down at me, playfully.

"How far down d'you think you can take it?" She asked.

"Hmm," I said, giggling too, "Eight inches!" That was the size of my last boyfriend and I'd

taken him all the way.

Nancy fed the banana too me, and I arched back letting it slide into my throat. She pressed it deep, and then withdrew it. I gagged a little, but not much. Lori showed up with a tape measure and ran it from Nancy's finger to the end.

"Jeeez, pretty good." Lori said. "Nine and three-eighths of an inch."

"Really?" I said.

"I'll bet you're a pretty good cock sucker." Lori said, leaning over.

"Among other things." I said, giggling.

"Watch this!" Kim said, taking the banana from Nancy. I raised my head and watched Kim take the long banana into her mouth, and surround the end with her lips, then push it back out. She sucked it in, then closed her lips again, then pushed it back out. I was amazed at the sight of it, and I felt both envious, and aroused thinking about her ability.

"That's a ten inch banana too." Lori said.

"Try this." Nancy said, reaching into a drawer and tossing Kim a very long dildo. "It's fourteen inches long."

Kim arched her head back like a sword swallower, and we watched most of it disappear. All but one or two inches which she held on to with her fingers. She pulled it out, and bowed.

"Gawd, girl!" Nancy said, "You're incredible."

"I have other talents too you know." Kim smiled.

I had been aware of being aroused, but now I realized that Lori was drawing circles on my right breast with her fingers. I was about to say something to her, when Kim interrupted, without saying a word.

Kim stuck her tongue out, and held it out a full five inches from her lips! It was the most incredibly long tongue I'd ever seen, still is!

She flicked it up and down, and around, then pulled it back into her mouth and smiled.

"Ohhh Jeeez-us!" Nancy said, "You'd better show us how that works."

"Glad to." Kim said.

Kim crawled up onto the counter between my legs, and I shifted a little bit, uncomfortable with her closeness, and frightened by my own arousal, and by her oral abilities. Kim bent down towards my pussy.

"No. Kim, no!" I pleaded.

She stopped, far enough away from my pussy, or so I thought. I felt the tip of her tongue graze my clit, and I jumped. "She's too far away!" I thought wildly. "How?!" I wondered, then remembered her tongue. Then "IT" happened. Kim slid forward, putting her mouth fully over my pussy, and slid her tongue up inside me.

Rockets, bells, whistles, horns, everything went off in my head. My body arched up and thrust against her invading tongue. I orgasmed for several long seconds, and then fell back on the counter. But Kim had just started. She wiggled that snake-like tongue inside my pussy, and I felt it starting up again. Expertly, she fucked me with her tongue, which was both stiff, and soft at the same time. I squeezed it with my pussy, feeling it slither past in or out. Then she sucked my clit, her tongue flicking rapidly over it and circling it with the most beautiful rhythm. I arched again, coming hard and moaning. I pulled at the hands holding my hands and feet, frustrated by not being able to move much.

When I opened my eyes, Kim was standing up and smiling at me. Lori and Nancy were fingering each other's pussies. Kim looked right at me - and her long tongue snaked out and licked my cream from her chin!

"Was that all me?" I asked, shocked at the wet mess on her face.

"Um-hmmm!" Kim replied, "You cum a lot hon, and you taste good too."

I couldn't believe I was doing this. Naked on a kitchen counter with another woman eating my pussy - and enjoying it! Nancy leaned over and licked the length of my pussy, tasting me and making me arch up. "You're right, she does taste good."

Lori repeated it, and then they all took turns, each taking only one lick of my pussy. It was driving me crazy, and I wanted to cum again. Kim leaned down and shoved her tongue inside me, and Nancy sucked my clit, humming as she did. The vibrations set me off, and I climaxed with a loud moan, clenching Kim's slippery tongue in my pussy.

"God girl!" Kim cried out. "You almost sucked my tongue into your pussy!"

Kim slipped up over me, and bent down. Our eyes met, and she turned her head, coming closer. I responded automatically, and we kissed. Her tongue entered, then filled my mouth, passionately swirling all around my tongue, licking the roof of my mouth, and under my tongue. I could feel my own wetness becoming a flood. Kim was turning me on! A LOT! I pulled a trick of my own, and sucked her tongue into my mouth, treating it like a cock, and sucking on it. Kim let me, then began to fuck my mouth with her long tongue. We did this for long minutes, and I could feel her pussy dripping onto my belly. Now, for the first time, I wanted, really wanted to lick a girl's pussy.

"Let me eat you." I said breathlessly when she sat back.

Kim gave an "ohhh" sigh, and moved over me, lowering her blonde bush to my mouth. Her

musky, fragrant smell was erotic, and I licked her pussy lightly. Her taste was what I expected, much like mine. I began licking her pussy up and down, then circling her clit. In no time, Kim was rocking her hips back and forth over my mouth and tongue, her cream soaking my lips and chin. She squeezed her full breasts, moaning loudly. Kim soaked my face, then Lori climbed on while Nancy began licking me. Over and over, I ate each one of them until my jaws ached. Nancy was the wildest, rubbing her pussy on my tits, then fingering Lori's dripping cunt and smearing her juices all over my face. While Lori ate me, Kim and Nancy lay next to me, in a very torrid 69, and Kim got off and rubbed her pussy all over Nancy's tits. Nancy made me suck her tits before I came, and Lori licked Nancy's cream from mine. When we finished, they untied me, and we all made a circle, sucking each other's pussies.

Then Nancy started on me with her big 10" dildo while everyone else watched, and no one had to hold me down anymore...

From then on, we were inseparable. Especially since Kim and I loved to get each other off. I loved her long tongue in me, and she loved the way I could suck and flick her clit just right to make her cum hard.

At several games, Kim and I were the last ones out of the locker room, so we could spread each other's juices on our tits before the game. We were even on television, with the cameras zooming in on Kim and me as we cheered the crowd on. How many hard cocks or wet pussies would there have been, if they'd known that Kim's tits were sticky with my cream, or that her juice was running down between my tits along with sweat?
