

Stephy

(FF, affair, cheat)

By Anon NixPixer

My name is Renee and I'm a senior at Florida State. It was spring break and I was home from school visiting my parents for a couple of days, when I got a call from Stephy.

It was with Stephy that I had had my first sexual experience while I was in high school. I had not spoken to her for years and her call came as a surprise. She invited me over to her house the next evening to talk and catch up.

We had not been good friends, she was the older sister of a good friend, and other than that wonderful afternoon at the limestone quarry, I had not even spent much time with her. But she seemed like she really wanted to talk to me so I told her I would come over.

The next afternoon, I walked back to the old limestone quarry, and did a little nude sunbathing. As I lay in the sun, my thoughts drifted back to that day, and I found my hand slowly massaging my clit. My thoughts, combined with the warm sun, and the movements of my finger brought me to a quick and wonderful orgasm.

I swam in the cold clear water and got even some sun. Then I drove over to Stephy's

house, not really knowing what to expect. Stephy had gotten married right out of high school and my Mother told me that she had a couple of kids now.

When I arrived, Stephy was the one who opened the door, we each took a couple of seconds to look the other over before we spoke and hugged. Stephy had put on a couple of pounds, but wasn't overweight. Her pregnancies had left her with very large breasts, but she looked good, still very attractive.

We complimented each other on how "great we looked" and went into the living room. Stephy got poured some wine, and told me that her husband Joe had gone to Indianapolis for business, and would be gone overnight. We chatted a while, and then were joined by her two little daughters who were full of questions and energy. But soon it was their bed time, so we tucked them in, and then went back to our wine.

As the wine took effect, we started talking about more serious things. She and Joe had been having some rough spots in their relationship, she thought he had been seeing another woman. She told me she had never had sex with anyone but him, paused and then said, "And, well... you Renee."

I told her how I had gone to the quarry earlier that day, and had thought about us. After another glass of wine, Stephy said, "Renee, I want to get a little more comfortable, I'm going to put on a robe, would you like to do that too?"

I knew what was on her mind and said I would. We'd grown comfortable with each other over the past couple of hours and maybe it was the wine but I was looking at her and liking what I saw, so we went into her bedroom.

When I saw the lit candles, I knew she had planned this evening.

Stephy came over to me and began to undress me and I ended up doing the same to her. When I removed her bra, I saw how large her breasts had become, they sagged only a little, and her nipples were erect and surrounded by her large dark areola.

As I took off my shorts, Stephy was surprised to see my shaved pussy and commented that I looked like one of her daughters. Her pussy was covered with a thick patch of dark pubic hair.

When we were naked, she led me to her bed, and we lay down on it and kissed, and hugged, just like lovers who had been apart for a long time. And as she kissed me, she told me how lonely she had become and that she had not made love to her husband in a long time.

As I lay on my back, Stephy got on top of me and as she kissed my lips and neck, I ran my hands over her breasts and rolled her nipples between my fingers. The she was moving her hips so our pussies rubbed together and then she took one of my nipples in

her mouth and sucked and circled it with her tongue until it was rock hard.

By the time she slid her hand over my pussy, I was really wet. She worked her finger up and down my slit lingering a little on my clit and then sliding down, she pushed one into my vagina. The whole while, she was continuing to kiss her way down my body.

She stopped using her finger when her lips reached my pubic mound. She kissed down the sides of my pussy- lips, dragging her tongue along. I was getting wetter that I'd been in a long time. Finally she spread me open and lightly touched my clit with the tip of her tongue.

Oh! It was like electricity! I almost think I had a little orgasm just from that touch. Stephy was surprised by my little gold clit-ring, and tugged on it sending a wonderful feeling up my body. She then sucked my clit into her mouth, and rolled her tongue around on it. I couldn't believe how good it was feeling. I had expected her to be completely out of practice at this, but was I ever wrong.

As she eat my pussy, she had her finger moving in and out, then she slid in a second finger, it was all feeling so wonderful. Then I felt a pressure on my anus and felt her working her finger into me there. I would never want anything big in my asshole, but a finger moving in and out in time with one in my cunt while I'm being eaten drives me up a wall. And that is exactly what Stephy was doing to me.

She alternated between circling my clit with her tongue, rubbing it up and down and sucking it into her mouth and circling it there. I was squeezing my breasts, and pinching my nipples and moaning in pleasure. I was moving toward a wonderful orgasm. And as I got closer, I gripped her head and held it into my pussy as she attacked my clit even harder.

With her fingers moving in and out of me, I exploded, my stomach muscles jerked, the walls of my vagina gripped her fingers, my anus tightened. It felt so good, I was moaning and calling her name as I would a lover. I had a hard time catching my breath.

Stephy didn't stop for a long time, she kept licking my clit and I kept getting little after-shock orgasms. The she kissed her way back up my body and we kissed. I pushed my tongue deep into her mouth and felt her respond passionately.

It took me a while to recover, but when I did, I started kissing those big breasts of hers. I would kiss and suck on a nipple and then try to take a breast into my mouth. I kissed and fondled her breasts for quite a while, then kissed my way down her stomach.

I kissed my way across the top of her pubic hair, and she breathed in deeply as I worked my tongue down into the top of her slit and found her hard little clit waiting for me.

I held her outer lips between my thumb and forefinger and spread her open. Then I licked

the sides of her slit and sucked her inner lips. She was moving around, her excitement was building and I knew she would have an orgasm in a very short time.

I renewed my attack on her luscious body and licked and sucked her clit and slid two fingers into her vagina. Stephy lifted her hips, pushing her pussy into my face. And I pushed my fingers deeper into her and licked her clit even harder.

As her orgasm started, she screamed. I was afraid that she was going to wake her little girls up, but she soon quieted down. She kept cumming and cumming. I was almost jealous because I wished my orgasms would last that long. I could feel the contractions of her vagina on my fingers, and I kept licking her until her breathing returned to normal.

After that, we lay in each others arms for quit a while before she spoke. Stephy wanted me to spend the night, but I would have felt strange waking up there. Plus I felt that as wonderful as this had been, if we had done anything more we might have been playing a little with fate.

So we had one more glass of wine and I left for my parent's house about midnight. I don't know if we will see each other again, but it sure was a wonderful evening.
