

Sticky (Fdom/M) by **Anonymous Author**

Today was my wife's birthday. I bought her a card and a single red rose. After diner she informed me that she wanted to try something different in bed. I agreed to do anything she wanted. She has been so great about dressing me in panties and fucking me with a strap on cock.

When I got to the bedroom I saw that she had put a picnic table cover on the bed. It has vinyl on one side and cotton material on the other. She had the vinyl side down so it would be warm to lay on, yet waterproof. On the edge of the bed were two pair of black shiny panties. I picked one pair up and they were made of a plastic or vinyl material. The waist and legs had elastic strips to hold them tight.

She told me to strip and put a pair on. I did and she stripped and slipped into the other pair. They fit just right, not to tight and not real baggy. I started to get hard from the feeling of

the material. She modeled hers for me but before I could reach for her she left the room.

When she came back in she had a large bottle of clear, sticky corn syrup. She had warmed it in the micro wave to just over body temperature. She then sat on the bed and asked me to stand in front of her. Then she pulled out the waist band of my plastic panties and started pouring the gooey syrup down inside of them. The feeling was indescribable as the warm thick liquid ran over my cock and balls and filled the crotch of the panties. She poured a full half of the container into my panties.

Then she stood and rubbed my crotch through the panties. It felt great with the warm slippery goo covering my entire bottom. Then she pushed me to a sitting position and handed me the bottle. She stood before me, pulled her panties away from her waist and told me it was her turn. I poured the remainder of the syrup into her panties. Then I set the bottle down and rubbed and squeezed her pussy through the material. I could see this was going to be fun.

We then got on the bed and laid down next to each other. We felt each other up and played with each other through the material of the slinky plastic panties. They leaked a little but for the most part the warm liquid stayed inside and completely coated our crotches and asses.

I was rock hard by then and I knew she was very wet from more than the sticky liquid syrup. As we kissed she whispered that she wanted me to fuck her. Just as I was about to enthusiastically agree, she whispered "in the ass." She turned over onto her stomach and told me to pull down the back of her panties just enough to get into her butt. And she said to lower the front of mine just enough to get my hard cock out. When I had done as she asked I laid on top of her.

My cock found her crack on it's own. Then with just a little upward motion the head entered her. I pushed very slow and she pushed back, moaning that it felt good. Soon I was inside her all the way and she was squirming under me telling me that she understood why I enjoyed her fucking me "back there", because it felt so good. I saw and felt her reach her hand down under her belly and I knew she was going to play with herself as I slipped in and out of her.

The feeling for me was incredible. She was so slippery and silky from the syrup and yet so tight it was all I could do to keep from shooting into her to soon. But I just enjoyed the feelings and from her motions and moaning I knew she was enjoying it also. Then she said she was cumming. She squeezed her mound hard and pushed back into me. I pushed deep inside her as she came. In just one more thrust I felt my own climax start. I then flooded her with my juice.

We rested and kissed for a while like that with me inside her. She then asked if I could get hard again so I could fuck her in her pussy. I told her I could if she would just fuck me with the strap on. She giggled and said "no problem." I washed off as she strapped the leather harness to herself.

She told me to kneel on the bed so she could fuck me doggy style. I knelt and spread my

legs. She pulled my panties down in back just far enough to place the plastic cock at my hole. I was so gooey and slippery from the syrup that her strap on cock slid easily inside me. As always it hurt just a little at first but soon felt just great. She waited for me to relax and then started pumping in and out slowly.

I reached between my legs and squeezed my growing cock. She slid the cock in and out of me for a long time. Some times she stopped and slapped my ass cheek and then resumed giving me what I love. After a while she got tired and asked me if I was hard yet. I told her my cock was like a board.

She then pulled out of me and pulled my sticky panties down to my knees. I finished removing them as she took off the dildo harness and her own panties. She laid on her back next to me and pulled me on top of her. Our crotches were a sticky, slippery mess. I found her hole and slipped my cock inside. I slowly pushed it all the way inside her. Then I held it there for a long time. Soon she told me to get going and give it her.

We started out slow and build up speed until I was pounding into her as fast and hard as I could. She was humping up against me with every stroke and loudly telling me to give it to her harder and faster. When she started cumming I did too. We came together and just slowed down to deep slow strokes as we came. We laid there for a long time like that. She told me it was a great birthday.

I agreed.
