

Unexpected Secret

(MF, tv, affair)

by Eve

My neighbor and I get together almost every day after my husband goes to work. We have become very good friends. We go shopping, watch soaps, play cards, and cook together, all kinds of stuff. Her name is Linda. She recently revealed to me that she has a secret and isn't all that she appears to

be.

Linda said she is a man who has been living full time as a woman for ten years now. She said she had breast implants and electrolysis. I couldn't believe it! She is feminine in every way. Her looks, mannerisms, clothes, make-up, body language, voice, everything, is always a woman.

So, I asked her to prove it.

That's when Linda put my hand under her skirt. Sure enough, I could actually feel a dick and balls under her panties! I would have never guessed. She started to cry, so I hugged her and comforted her. We had a very long and heart to heart talk that day. I really felt a lot of love for her.

From that day on, I started having all kinds of sexual fantasies about Linda. Then one day about a month after I knew, we started talking about sex. Linda told me that the only sex she got anymore was by masturbation because of being afraid to let anyone know her secret. I asked all kinds of questions about what she liked. I told her that I often masturbated during the day. My husband thought it was "dirty" so I can't do it around him. Linda asked how I did it.

So I got very bold, and asked her if she wanted to join me and watch. She said yes! I took her hand and led her into the bedroom. I told her to make herself comfortable and I was going to freshen up. I went into the bathroom, stripped, and stepped into the shower. The curtain soon slid open, and Linda joined me. I couldn't believe how beautiful she was. I took some soap, and began to lather her up. Her breasts were perfectly formed. I guessed a 36-C.

But what I couldn't get over was her dick.

It started off very small, probably only about two inches long. But as I soaped and stroked it, it grew right in my hands to a good six or seven inches, and was very hard. It was so sexy feeling it grow. Her balls were large and firm. Then she washed me. She spent a long time soaping my cunt. She knew exactly where my clit was, and just how to finger it. I never thought I'd ever let another woman do me that way. My breathing became heavy, and I was afraid I'd fall. So I suggested we go to bed.

After we dried off, we went into the bedroom and fell in. Linda held me in her arms and we kissed passionately. Our tongues met and caressed each other. I loved the feeling of her breasts against mine. I reached down and held her balls. I was very tempted to fuck her brains out right then and there. Linda must have read my mind, because she said, "Eve, I thought we were going to masturbate."

I pulled away and said, "Okay, you first."

Linda lay on her back and started stroking her dick. She started very close to the base, and went almost to the head. I held her balls, feeling and caressing them. A drop of clear pre-cum formed at the tip of her cock. I couldn't resist. I licked it up. Then I licked the whole head. Finally I took the top of her cock into my mouth.

She stopped stroking and I was able to take more of her into me. I started going up and down, taking more and more cock in my mouth with every stroke. Eventually, my lips were all the way to the base, and the top of her dick was actually in my throat. By now we were both very turned on. I hadn't sucked cock since cheer-leading days. It's another thing my husband won't let me do.

I was very tempted to have her cum in my mouth, but I wanted to see her do it by hand. So I lifted my head off of her, and rested it on her thigh. Linda

went back to stroking herself, but this time with a vengeance. I could tell by the look on her face and the intensity of her stroking, that it wouldn't be long. I felt her balls.

I could actually feel her orgasm start in her balls before it happened. When she came, the semen spurted out and formed little pools on her stomach. The look on her face was pure pleasure. She finally finished. Her cock once again shrunk down. I scooped up some of her cum with my fingers and tasted it. Linda must have been watching because she did the same.

"Your turn, Eve," she said and smiled. I got up and retrieved my vibrator from it's hiding place. I plugged it in and lay on my back. I spread my legs wide and using one hand to hold my cunt lips open. I used the other to stroke my clitoris. Linda moved her head close to it. I knew she was seeing every secret part of me, because I always keep my pubic hair completely clean shaven. I do it for my husband.

Anyway, I first teased my clit by running my fingers around it, then finally stroking it. Linda reached up and started feeling my tits. I was already very turned on by what had already happened. I felt some of my juices run from my pussy. I took hold of her hand and said, "Linda, finger fuck me!"

She put one, then two fingers in my cunt hole. She first moved her fingers around in circles, and then moved them in and out. I got the vibrator and put it to my clit. I started at slow speed, but quickly turned it up.

Sometimes the vibrator would touch Linda's hand and the vibrations went clean up inside of me. Then, almost without warning, I came. Did I ever! It was so strong, that I actually passed out for a moment. That scarred Linda. But I held her and told her everything was fine. Wonderful, in fact.

That is one magnificent day I'll never forget. We now get it on almost every weekday, after my husband goes to work. We have had every kind of sex we can think of since then. But our favorite thing always seems to be masturbation. Sometimes we do ourselves, sometimes we do each other.

Linda has found that she really likes anal stimulation. She has a couple of dildos she butt-fucks herself with. I have found that I like to sometimes watch porno videos while we play. I think it's fun to try and time our orgasms with those on the screen. Linda and I have been talking about making our own private video some day.

We have both gained a lot from all of this. I get a lot of satisfaction that my husband isn't willing to give. And Linda has learned to better accept herself just as she is.
